

ANATOMY AND PHYSIOLOGY

The following assignments are a series of items that will allow you to stay current with the material which has been presented in this semester. It is expected that each student will complete the assignments individually and submit this work.

At this time, do not be concerned with the next unit (Ch 8 Senses).

All of these assignments can be completed using the note packets provided in class, the textbook, or the internet. Minimal supplies are necessary.

Students will choose one (1) option for each assignment for a total of five (5) assignments. Students will use the chart to show which assignment they chose to complete.

At a later time you will be given instructions through teams on the proper procedures to turn in assignments.

Thank you and stay healthy!

Human Anatomy Distance Learning Plan

Directions: Choose **one** (1) assignment option to complete for EACH chapter covered during Quarter1.

Chapter	Option 1	Option 2	Option 3	Option 4	Option 5
1 Human Body					N/A
4 Skin, Membranes					N/A
5 Skeletal					N/A
6 Muscles					
7 Nervous					

Assignment 1. Chapter 1 The Human Body: An Orientation

- Option 1: Review Questions in textbook – Multiple Choice, Short Answer Essay, Critical Thinking pages 22-23.
- Option 2: Complete the At the Clinic questions in your notes packet. (Coloring Notes Packets can be found on the class webpage if you do not have your packet at home <https://sc01916099.schoolwires.net/Page/6035>).
- Option 3: Go to the class webpage (<https://sc01916099.schoolwires.net/Page/6035>) and click on Ch 1 Terminology Links on the left side of the screen. Scroll down to the three Email Homework links. Read the instructions for each Email Homework assignment and complete the quizzes listed for each.
- Option 4: On the class webpage, click on the Body Systems Video link. Watch the video and write a paragraph describing each body system, including the name, structures, and functions of the system.

Assignment 2. Chapter 4 Skin and Body Membranes

- Option 1: Review Questions in textbook – Multiple Choice, Short Answer Essay, Critical Thinking pages 132 -133.
- Option 2: Complete the At the Clinic questions in your notes packet. (Coloring Notes Packets can be found on the class webpage if you do not have your packet at home <https://sc01916099.schoolwires.net/Page/6035>)
- Option 3: Go to the class webpage (<https://sc01916099.schoolwires.net/Page/6035>) and click on Ch 4 Skin and Membranes on the left side of the screen. Scroll down to the three Email Homework links. Read the instructions for each Email Homework assignment and complete the quizzes listed for each.
- Option 4: On the class webpage, click on the BONUS: Complete the Case Study link. Follow the instructions, save your work, and email your completed case file.

Assignment 3. Chapter 5 Skeletal System

- Option 1: Review Questions in textbook – Multiple Choice, Short Answer Essay, Critical Thinking pages 178-180.
- Option 2: Complete the At the Clinic questions in your notes packet. (Coloring Notes Packets can be found on the class webpage if you do not have your packet at home <https://sc01916099.schoolwires.net/Page/6035>)
- Option 3: Go to the class webpage (<https://sc01916099.schoolwires.net/Page/6035>) and click on Ch 5 Skeletal System on the left side of the screen. Scroll down to the three Email Homework links. Read the instructions for each Email Homework assignment and complete the quizzes listed for each.
- Option 4: On the class webpage, click on the Arthroscopy Videos link. Select a procedure to watch and write a detailed report of the procedure. Include the name of the abnormal condition being addressed, the instruments used, the joint structures involved, the process that corrected the condition, and the expected result from the procedure.

Assignment 4. Chapter 6 Muscular System

- Option 1: Review Questions in textbook – Multiple Choice, Short Answer Essay, Critical Thinking pages 222-224.
- Option 2: Complete the At the Clinic questions in your notes packet. (Coloring Notes Packets can be found on the class webpage if you do not have your packet at home <https://sc01916099.schoolwires.net/Page/6035>)
- Option 3: Go to the class webpage (<https://sc01916099.schoolwires.net/Page/6035>) and click on Ch 6 Muscular System on the left side of the screen. Scroll down to the three Email Homework links. Read the instructions for each Email Homework assignment and complete the quizzes listed for each.
- Option 4: On the class webpage, click on the Carpal Tunnel Surgery link. Watch the surgery and write a detailed report of the procedure. Include a description of the abnormal condition, the instruments used, the structures involved, how the process will correct the condition, and the expected result from the procedure.
- Option 5: On the class webpage, click on the Crossword Puzzle link. Print and complete the puzzle to turn in. (Or draw a copy of the puzzle on a piece of paper.)

Assignment 5. Chapter 7 Nervous System

- Option 1: Review Questions in textbook – Multiple Choice, Short Answer Essay, Critical Thinking pages 275-277.
- Option 2: Complete the At the Clinic questions in your notes packet. Coloring Notes Packets can be found on the class webpage if you do not have your packet at home (<https://sc01916099.schoolwires.net/Page/6035>).
- Option 3: Go to the class webpage (<https://sc01916099.schoolwires.net/Page/6035>) and click on Ch 7 Nervous System on the left side of the screen. Scroll down to the three Email Homework links. Read the instructions for each Email Homework assignment and complete the quizzes listed for each.
- Option 4: On the class webpage, click on the Ecstasy Video link. Also open and save/print the Ecstasy Video questions at the top of the page. Watch the video and answer the questions to turn in.
- Option 5: On the class webpage, click on the Mouse Party link. Select one drug and write a detailed analysis of how the drug affects structures of the brain.
