

Parking Information for Dorchester School District Two 2019 High School Graduations

The North Charleston Coliseum has provided important information regarding parking for high school graduations on May 25th. Due to new construction at the coliseum, available parking has been drastically reduced. In addition, the Tanger Outlet Center across the street from the coliseum will not offer overflow parking as in previous years.

Graduating seniors will receive **2 parking tags** that permits parking at the coliseum. Coliseum parking attendants will not allow vehicles without parking tags to park in the coliseum lot. It is important that those attending graduation programs plan accordingly.

Limited additional parking will be allowed for all three graduation programs on property within a mile of the N. Charleston Coliseum at 3659 West Montague Avenue, on the other side of I-526 from the coliseum. A free shuttle bus service (handicap accessible buses will be available) will run from the parking area to the coliseum on May 25th. Shuttle service for each graduation program will start at the following times:

7:15 a.m. Fort Dorchester High School

12:15 p.m. Ashley Ridge High School

5:15 p.m. Summerville High School
