

General Information for the Beginning of School

Please Read Before School Begins

1. **Freshmen Orientation:** There will be a Freshmen Orientation on Friday, August 16th, from 8:00 – 11:00 in the auditorium. We will have an assembly, tours, and lots of fun. Come out and meet the class of 2023. We encourage all Freshmen to attend this very important orientation. Transportation will NOT be provided. During Freshmen Orientation, we will have a 9th grade Parent Workshop in the media center. We will discuss: Helping your Freshmen, School Counseling, Technology, Ashley Ridge 101, and procedures.
2. **Open House:** The school facilities will be open Thursday, August 15th, from 4:00 – 6:00 in order for the students to find their classrooms. The teachers will not be present. Our first Open House with teachers present will be Wednesday, September 4th at 6:30 PM – 8:00 PM.
3. **Buses:** The bus schedule is posted on the school web site – <http://arhs.ddtwo.org>. Copies of the bus schedule are located at the registration tables and in the front office at ARHS.

6. **Dress Code:** The school understands the clothing styles and the needs of the students to develop their identity. An area of concern is with female sleeveless shirts and blouses. All shirts and blouses must have straps at least four fingers in width. Any straps thinner than this will not be worn at ARHS. No midriffs or cleavage will be visible. Short-shorts and short dresses are not acceptable school attire. The standard for wearing shorts is that when standing, the arms hanging to the side, the area on the leg where the fingers touch should be the hemline of the shorts. Sagging pants are not acceptable. Pants must be worn at the natural waistline. Undergarments must be completely covered. **Leggings may be worn, but they must be covered with shorts or dresses at the correct legal length.** Holes in pants must be below the legal length regardless of what is worn underneath the pants. Hats or hoods will not be worn in the building.
7. **Lunch:** There will be one lunch/Individual Learning Time this year. It is 45 minutes in length. Students will have plenty of time to eat. We offer hot lunches, fast food lines, and salads. We will have additional food lines located at the end of each hall that will offer additional food options. The price for a student lunch is \$2.35, and the price of a breakfast is \$1.45. Student may also bring lunch and purchase drinks and snacks. Free and Reduced lunch forms are located in the registration packet. The completed forms should be returned to Karen Radcliffe at the ARHS front office. Ashley Ridge will sell bag lunches during the first week of school. Parents can apply on line at <http://dorchesterschooldistrict2.schoollunchapp.com>.
8. **Parking:** The cost of parking is \$50.00. You park at your own risk. You may park only if you have the appropriate parking tag posted in your car, and you may only park in your assigned parking space. If you do not follow the regulations, your car will be subject to tickets and towing. These regulations will be in effect the first day of school, August 19, 2019. **You must park in your assigned parking space on the first day of school.**
9. **Pictures:** Underclassmen pictures are scheduled for Tuesday, August 27th. Students will have their picture taken during their English class. The make-up picture day is scheduled for Friday, September 27th during the lunch/ILT period. Seniors must contact Lifetouch for an appointment (843-851-0009) if they have not already scheduled their senior pictures. Electronic Devices

To facilitate 21st century learning, personal electronic devices have become a tool to supplement the learning that occurs in school. A personal electronic device is any device that students have in their possession, which electronically communicates, sends, receives, stores, reproduces or displays voice, images and/or text data, or communication. This includes, but is not limited to, cellular and smart phones, music and media players, personal gaming devices, tablets, laptop computers, and personal digital assistants. Appropriate use is required to maintain the integrity of instruction on campus. Any violation of the policy will result in disciplinary actions, which could result in the suspension of privileges and/or other additional consequences.

When may communication devices be used?

1. Prior to 8:40 AM
2. During class exchanges – no earphones/earbuds should be used in the halls
3. During the lunch/ILT period
4. After 3:55 unless in an after-school class or detention

Where communication devices may be used?

Common Areas: cafeteria, courtyard, hallways, but not classrooms/ instructional areas including media center. Students may use communication devices in offices only with the permission of the staff member present.

Who is responsible if the device is lost or stolen?

The student must secure his/ her device at all times and never leave it unattended. Students should guard against theft as they would in any public building or area. Theft of such devices is a major problem in schools, and often the devices cannot be recovered. Students should keep the devices on their persons at all times or locked away. School personnel and /or administrators are not responsible for the loss, theft, or damage of any cell phone or device brought on school property.

Student Use Expectations and Responsibilities:

1. Communication devices should be powered off during class time. Devices heard or seen in use during instructional times or in instructional areas, including in silent mode, will be confiscated and returned to a parent for a \$25 fee.
2. The student who possesses a personal electronic device shall be solely responsible for its security and care. Dorchester District Two will not provide electrical charging outlets to recharge devices.
3. Student possession of personal electronic devices on the school's campus, including athletic fields, school buses, school sponsored activities, and while the student is under the supervision and control of school district employees shall be permitted. All students may use these devices appropriately on campus before school begins, during transition times, during lunch/ILT, and after school ends.
4. To assure order in campus operation, accessories such as headphones and ear buds are only allowed to be used by the student in the cafeteria before school and in the cafeteria during the lunch/ILT period, provided the student is still able to respond to auditory commands communicated by school personnel. Students must still follow all school rules while operating communication devices. Not being able to hear or see directives will never serve as an acceptable excuse for non-compliance. These accessories are expected to be secured and out of sight during class transitions in the hallway and within the classroom unless the teacher has granted permission for instructional use. They are not to be hanging around a student's neck or over the ears.
5. Making phone calls during transition times is prohibited.
6. Student use of personal electronic devices shall be prohibited in areas including, but not limited to, locker rooms, bathrooms, or dressing/changing areas.
7. Students shall not use personal electronic devices to capture video, audio, or photos of other people at school unless used under the guidance of a teacher and related to curriculum objectives. The posting of those photographs and/or video will result in disciplinary consequences.
8. Students shall not use personal electronic devices during classroom instructional time to access and/or view Internet websites that are otherwise blocked to students at school. District wireless networked system blocked sites include, but are not limited to, social networking sites and You Tube. Electronic devices should be powered off and put away before walking into the classroom/instructional area.
9. Students' use of personal electronic devices that disrupt the instructional day will result in disciplinary action and/or confiscation of the personal electronic device.
10. When a personal electronic device is confiscated, it will only be released and/or returned to a student's parent/legal guardian.
11. If students use communication devices to illegally enhance their own academic performance or another student's performance (cheat), the student(s) involved will receive additional severe consequences for academic dishonesty and may be banned from having such a device for the remainder of their attendance in Dorchester County Two schools.

12. If students use the communication devices to engage in illegal or unethical behavior such as bullying, harassing, threatening, or intimidating, the students involved will receive additional severe consequences for such conduct and may be banned from having such a device for the remainder of their attendance in Dorchester County Two schools.

Unauthorized Use

Unauthorized use of personal electronic devices resulting in the confiscation of the personal electronic device and/or disciplinary actions with the school and possible law enforcement includes, but is not limited to, the following:

- Possessing, viewing, sending or sharing photos, video, or audio information having sexual, violent, derogatory, or threatening content on school grounds, at school events, or on school buses.
- Transmitting school materials for unethical purposes such as cheating.
- Using devices to bully, harass, or tease another person.

Consequences for Violations

If communication devices are used in a manner violating the Student Code of Conduct and Student Use Expectations and Responsibilities 1-12, consequences will include:

Offense	What Happens to the Device?	Discipline Consequence
1	Parent picks up after the device was confiscated and pays a \$25 fee	1 day In-School Suspension (at the discretion of the administrator)
2	Parent picks up at readmit conference with Administrator	1 day In-School Suspension and/or 1 day Out-of-School Suspension and/or (at the discretion of the administrator)
3	Parent picks up at readmit conference with Administrator	3 days Out-of-School Suspension and/or School Probation and/or Loss of Extra-Curricular Activities (30 days) (at the discretion of the administrator)

Each student is under the direct control of all staff members and their substitutes. Failure to turn over a communication device immediately to a staff member when requested will result in severe disciplinary action. The offense is no longer the device only, but is now also refusal to obey the directive of the school official. Consequences may include:

Offense	Discipline Consequence
1	In-School Suspension the remainder of the school day and 1 day Out-of-School suspension (at the discretion of the administrator)
2	3 days Out-of-School Suspension and School Probation (at the discretion of the administrator)
