2021-2022 Residency Information

Proof of Residence

Dorchester School District Two requires each parent/guardian to provide ***Proof of Residence*** each school year. Acceptable proof would be one of the following: a current utility bill which includes a service address in the parent/guardian's name, verification of application for utility service in the parent/guardian's name, a current tax bill with parent/guardian's name and address, or current mortgage/signed lease agreement with parent/guardian's name will be accepted. With mortgage/lease agreement a current utility bill which includes a service address in the parent/guardian's name must be provided within 30 days.

Family Living with Another Family/Relative

Parent/guardian and the person who owns/rents the residence must complete the ***Affidavit of a Student's Domicile*** and have it notarized.

The **Head of Household/Owner/Lessor** must provide the school with a copy of the lease or a current Property Tax Bill/Receipt (Property Tax Bill/Receipt may be printed from the Dorchester County website) **and** a current utility bill with a matching service address.

Documentation that must be provided to the school by the **Parent/Guardian** (with matching address):

(One of the Following) – Driver's License/South Carolina Identification Card or Vehicle Registration

and

(One of the Following) – Pay Stub (Must show employer's name, current pay period and the name and address of the parent/guardian), Local, State or Federal agency correspondence that reflects the name and address of the parent/guardian, (Social Security, Medicaid, DSS, IRS, Food Stamps, Court Documents, etc.)

Family Moving Within District During School Year

If a family changes residency within Dorchester School District Two during the school year that would change the school to which the student(s) are zoned, the parent/guardian can provide acceptable ***Proof of Residence***, as defined above, to the new school to enroll the child(ren).

If a family changes residency within Dorchester School District Two during the school year and the student has attended school through the 45th day, the student may finish the year at that school with district approval. The parent/guardian is required to provide an ***In-District Transfer Request*** to the school along with a current ***Proof of Residence***. The school will then forward the information to the District Office for approval/denial. It is important to note the parent/guardian is responsible for providing transportation to and from school.

In-District Transfer Requests

All students are expected to attend the school to which their residence is zoned. If there is a special hardship or other special situation, in-district transfer requests will be considered. All requests for in-district transfers will be handled by the District Office.

The ***In-District Transfer Request*** and the required ***Proof of Residence*** should be submitted to the school the children are zoned to attend. Please note that availability of space is a critical factor in approving or denying requests. **A student's transfer may be revoked by the superintendent's designee for reasons including, but not limited to, repeated tardiness and/or other irregularities of attendance, and/or repeated consequential violations of the discipline code.** The student's parent/guardian will be responsible for transportation to and from school.

Guardianship/Custody

If a court order is signed by a judge giving custody/guardianship, the court order must be presented to the school. A copy of the order will be placed in the student(s) permanent record.

If a court order is not available, an appointment needs to be made with a school administrator.

Home Language Survey (HLS)

The Civil Rights Act of 1964, Title VI, Language Minority Compliance Procedures, requires school districts and charter schools to determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students as outlined in Plyer v. Doe, 457 U.S. 202 (1982).

The purpose of this survey is to determine the primary or home language of the student. This survey is given to all students enrolled in the school district/charter school. The HLS is administered once, upon initial enrollment in South Carolina, and should remain in the student's permanent record.

If a language other than English is recorded for ANY of the survey questions below, the appropriate identification screening assessment will be administered to determine whether or not the student qualifies for additional English language development support.

Please answer the following questions:

1. What is the language that the **student** first acquired? _____
2. What language(s) is spoken most often by the **student**? _____
3. What is the **primary language used in the home**, regardless of the language spoken by the student? _____
- *4. In what language do you wish to have communication from the school? _____

Student Name: _____ **Grade:** _____

Parent/Guardian Name: _____

Parent/Guardian Signature: _____ **Date:** _____

Your signature above certifies that you understand if a language other than English has been identified, your student will be tested to determine if they qualify for English language development services, to help them become fluent in English. If entered into the English language development program, your student will be entitled to services as an English learner and will be tested annually to determine their English language proficiency.

For School Use Only:
