

# Dorchester School District Two Procedure for Over-the-Counter (OTC) Medication

Your child may have over-the-counter medication at school (aspirin, Tylenol, cough syrup, etc.) by following ALL of the instructions below:

- Deliver the completed Dorchester School District Two medication permission form, including the signature of the doctor or other legal prescriber to the school nurse.
- Deliver an unopened container of the OTC medication, properly labeled by the pharmacist to the school nurse. You can obtain a label from the pharmacists by having the doctor or other legal prescriber provide you with a prescription for the over-the-counter medication. (See picture of a properly labeled OTC medication below).
- Medication **MUST** be brought in by the parent or legal guardian, **NOT** the student.
- If you have questions, please contact the nurse at your child's school.
