Reminders:

- Submit all excuses ASAP.
- Wednesday, Oct. 31, will be our next Early Release Day.

Odds and Ends:

- Students must have note provided to change transportation. We cannot take the student's word for notice.
- The first case of the flu has been diagnosed at the school, please encourage children to wash their hands often. A flyer went home about flu shots. Please consider having your child vaccinated for the flu.
- Donations of copy paper (major need), Kleenex, and hand sanitizer are appreciated.
- We have many allergies in most of the fifth-grade classrooms, please always check with the teacher before sending in treats to make sure there is something for every student. We have many students that cannot eat cupcakes. Unless there is a treat sent in for every child, we can hand out the treats.
